Hartselle Buys Bonds to the Value of \$7,500;
Beat Committees and Bankers Meet

(International News Service.)

Washington, Oct. 18.—The treasury department announced today that it was estimated that one-half of the \$3,000,000,000 second Liberty Loan has been subscribed.

Next Wednesday, Oct. 24, has been designated as "Liberty Loan" day in Morgan county, and on that day a drive will be made for the purpose of placing the patriotic paper in the hands of the small investor from one end of the county to the other. The campaign will be waged under the direction of Clyde Hendrix, county chairman, and T. A. Bowles, district chairman. The plans were detailed at a meeting held at Hartselle yesterday afternoon and attended by the bankers of that city, chairmen Bowles and Hendrix, and the various bent committeemen named by Mr. Hendrix.

Heflin Says Will Give Names Soon Of Bad Congressmen

(International News Service.)

Washington, Oct. 18.—The country may yet know the names of the "13 or 14" members of congress, whom Representative Heflin of Alabama, thinks have acted "suspiciously" in connection with German propaganda. "I will name them soon," the Alabamian states in an "extension of remarks," which appears today in the final issue of the Congressional Record for the recent session.

Representative Heflin does not say when or where he will name the men, but it is believed he will utilize the opportunity while speaking before some Alabama audience before the next session of congress.

Liberty Loan Medals For Local Boy Scouts

Almon, congressman from the Eighth Alabama district. The Scouts who are to get the prized possession are E. Z. Bailey and Sam Hollingsworth. They won the medals in the first Liberty Loan campaign by each selling ten bonds.

Arrested on Charge Firing Stockyards

Kansas City, Oct. 18.—Five men are being held at police headquarters here for investigation and a sixth has been arrested in Oklahoma City as a result of the probe into the alleged incendiary plot believed to have been responsible for the destruction of more than 25 acres of pens in the Kansas City stockyards.

"Millions in War," Spells Big Spider in Ellis Garden; Many Go to View the Phenomenon

"Millions in War." This is the message being given to the world by a big black and yellow spider that is spinning a monster web in a butter bean arbor in the garden of R. H. Ellis, 723 Third avenue, west. Just where the spider got the tip, unless he is a newspaper reader, is not explained. At any rate, there it is, woven with finest silken tracery, according to those gifted in deciphering the hieroglyphics of the famous keeper of the anti-fly parlor. A representative of the Daily who viewed the phenomenon today, not being versed in the spider language, could not make out to his own satisfaction just what tip the big spider intended to give the world.

Strangest part of all, a copy of the Chicago Blade, of Oct. 13, 1917, which had fallen into the hands of Mr. El-

It was also decided that a patriotic parade should be staged in the Twin Cities on Tuesday night, Oct. 23, as a prelude to the activities of the following day. I. J. Kuhn, publicity director, will have charge of the details of this parade, and has already arranged for music by Rahm's Booster Band, and is going after oratorical talent of the big order. Senator Underwood will probably be the speaker of the occasion, in the event that he is able to find time to fill the engagement.

On "Liberty Loan Day" the committeemen in the various beats of the county will conduct a house-to-house campaign, with the view of interesting every farmer, every mechanic, every professional man, every merchant—in fact, every loyal son and daughter of the United States—in the success of the greatest loan ever floated in the history of the world.

Hartselle Orders \$7,500.

At the meeting at Hartselle yesterday, the First National Bank of Hartselle and the Bank of Hartselle ordered \$7,500 worth of the bonds, the sale of which they guarantee among their customers. These bonds will be placed in small lots, and it is expected that another order will be sent in from Hartselle before the campaign closes.

LaFollette Threatens To Take the Stump

(International News Service.)

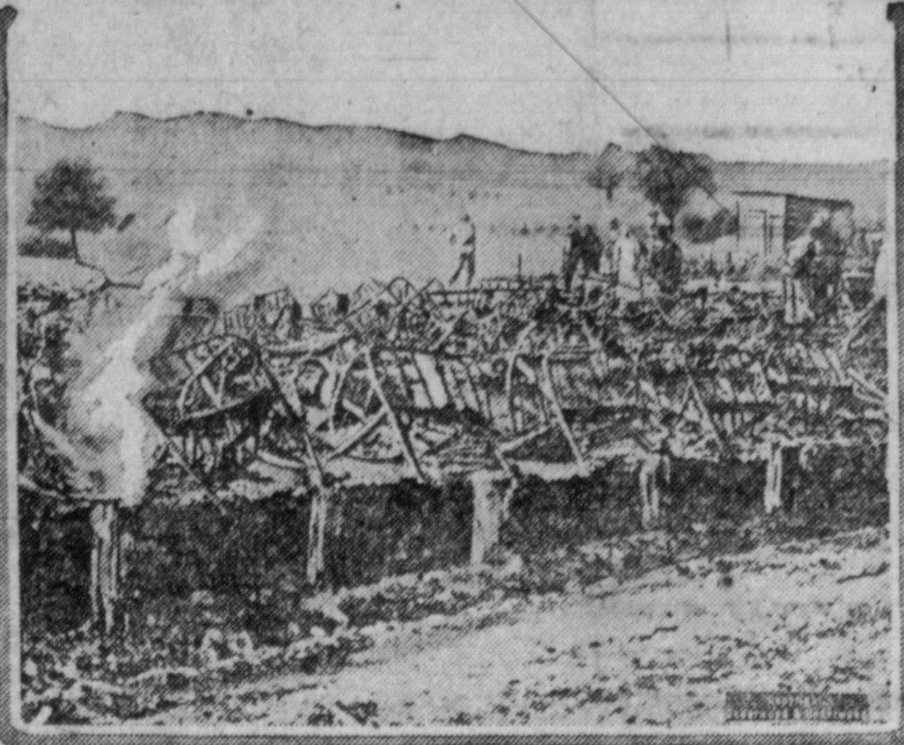

Washington, Oct. 18.—Senator LaFollette is planning to take his case direct to the people. Having failed to secure complete investigation of alleged seditious utterances from the senate sub-committee, he is today arranging to go upon the stump and secure proper vindication of his position.

His told a similar story of the activities of a spider in Kansas City. The story was accompanied by an illustration which showed the spider and his web and the words spelled out—"Millions in War." The lord of the web was undoubtedly of the same species as the one that has established his silk mill in West Albany. The words that he had written were very legible, for which the artist who touched up the picture may be entitled to credit. The rather interesting news story explained that the Kansas City spider was found by a negro woman 102 years old who had received a vision that had directed her to the habitat of his spidership.

The web now being woven in the Ellis garden is some distance from the Ellis residence, down Third street. Already it has been visited by hundreds of the curious.

BOAZ PROBES ARE LESS SEVERE

IN SECOND REPORT SAY DISMISSAL DUE ONLY TO LAX MANAGEMENT.

Columbia, Tenn., Oct. 18.—Correcting a report published last Friday and Saturday that W. T. Boaz, former superintendent of the Tennessee Orphans' Home, was dismissed on charges of criminal conduct with the inmates of the institution, the special committee of five of the board of trustees, before whom he was tried, today issued a statement in which it is declared that he was dismissed on charges of lax management and other indiscretions, but that the other charges were not passed on by the committee.

The committee's signed statement follows:

We, the committee, selected by the representatives of the state, C. C. Menzler, secretary of the board of state charities, and W. T. Boaz, superintendent of the Tennessee Orphans' Home, Columbia, Tenn., to investigate certain charges affecting the character and work of the said W. T. Boaz, after having made sufficient inquiry into the said charges, do find that W. T. Boaz is unsuited to the management and control of the home and that the interests of the home demand his summary dismissal, and we therefore remove him at once.

The following explanation of the above agreement is made in justice to W. T. Boaz and in order that the full facts may be known.

Since the decision was published in the daily papers of Nashville, Columbia and elsewhere, it appears that the public is led to believe that the committee held W. T. Boaz guilty of criminal conduct with the inmates of the institution, whereas the committee did not find guilty. The committee did not pass on his guilt or innocence of these charges.

We, the committee, however, did find him, after a searching investigation, guilty of lax management and other indiscretions, and on this account dismissed him.

S. T. HARDISON, chairman.
J. C. McQUIDDY.
J. W. BASSHAM.
O. L. DORTCH.
JOHN W. FRY.

Publication in the papers of the report that Boaz had been dismissed on charges of criminal conduct was based on a statement made by C. C. Menzler, secretary of the board of charities.

COAL STRIKE IS SPREADING; HINT AT DRASTIC ACTION

(International News Service.)

Springfield, Ill., Oct. 18.—The Illinois coal strike of 35,000 miners closing more than 150 mines and lessening coal production 500,000 tons daily, will be over by Saturday, according to the opinion of Col. W. Jefferson, chairman of the executive board of the Central Illinois Coal Operators' Association.

(International News Service.)

Washington, Oct. 18.—Dr. Harry A. Garfield, federal fuel administrator, admitted today that the situation in the central coal fields where some 20,000 miners are already on strike, and where other walk-outs are threatened "looks serious." He said he had nothing to add to what he said yesterday when he stated that "drastic action will be taken by the government," unless the strike is immediately settled.

STRIKE IS SPREADING.

Springfield, Ill., Oct. 18.—With both state and federal fuel dictators maintaining absolute silence on the issue of price fixing for coal in Illinois, the strike of 35,000 coal miners continues today. Iowa Prohibition Election is Close

(International News Service.)

Half Pound Weight Lands Arwin Draper In National Army

Shylock's pound of flesh was just twice as much as it required to get Arwin Draper, son of J. L. Draper, secretary of the Morgan county exemption board, into the new national army. When Mr. Draper was examined some weeks ago he weighed 122 pounds and was one pound under the government specifications. He was ordered re-examined, along with 81 others, and it was then found that he had gained 13 pounds, and was half a pound over the limit. He was accepted and is now classed as a "certain soldier." Although it would have been a very easy matter to do so, Mr. Draper made no effort to reduce his weight, preferring to be square in his dealings with his country.

Paris, Oct. 18.—Heavy air fighting in which 18 German machines were shot down raged all day yesterday on the western front, according to the communique issued by the war office at noon. For the second time in 24 hours the Germans raided Nancy last night. There were some civilian casualties.

(International News Service.)

Washington, Oct. 18.—Secretary Daniels today was anxiously awaiting additional reports on the torpedoing of an American destroyer in the European war zone. All information contained in Admiral Sims' report on the incident has been made public by the navy department, which meanwhile is expecting additional details by wireless on the exact damage to the vessel. It was believed by naval officials that the destroyer was probably struck in the bow and not seriously damaged.

Secretary Daniels assumed today

that repair work on the damaged war

vessel already had been started. Identification of the destroyer is forbidden by the censor, but it may be said

that the vessel on which one man was killed and five injured is a comparatively new one. The man killed was Gunner's Mate Osmond Kelley Ingram of Pratt City, Ala.

None of the wounded was seriously hurt. They are: Herman H. Pankretz, gunner's mate, St. Louis; William E. Merritt, seaman, New York City; Frank W. Kruz, fireman, Toledo; Patrick Rutledge, officer, New York City, and Wm. Seimner, fireman, Dundas, Minn.

First U. S. Warship Hit by Enemy.

This is the first time an American warship has been hit by the enemy since the war began. GERMANS NOW DRIVING
AGAINST DAGOE ISLAND.

(International News Service.)

Copenhagen, Oct. 18.—Following their occupation of Oesel, Runo and Abro Islands, at the entrance to the Gulf of Riga, the Germans are today trying to extend their domination to Dagoe Island, the second largest in

the group. German warships have been heavily shelling the Russian fortifications on Dagoe Island with a view to opening the way for the landing of troops.

The arrival of fresh German naval units in the Baltic and the bombardment of Tarnau at the northern end of the gulf, indicates that the Germans are making ready to extend their operations to the mainland.

Occupation of the three above named islands at the entrance of the Gulf of Riga gives the Germans possession of 1,400 additional square miles of Russian soil.

JOIN THE ARMY AND SEE "OVER THERE."

"Over There" is coming to the Masonic on Monday, Oct. 22, and it is one of the best musical farce comedies on the road.

It is headed by Billy "Single" Clifford and Master Frankie Harris. Mr. Clifford is seen as the traveling salesman selling soups and he is in love with the daughter of a rival soup concern. Mr. Clifford gets in the soup and the proverbial fly in the soup and yet there is a real plot and an interesting story is told throughout. Billy is in excellent voice this season and is offering several songs, every one big hits and they are, "Here Comes the Groom," companion song to "Here Comes the Bride;" "Madam," an old song with new clothes on it, and "Over There," the big song hit of Geo. M. Cohan's. Master Frankie Harris is introducing some clever songs and dancing specialties, while dancing is a principal feature of this year's show. Outside of dainty Mae Ginger Collins, the red headed comedienne, all new people grace the program this year and it is the greatest line of acting talent that Mr. Clifford

People Do Not Yet Realize How Serious is This War.

They feel far from the scene of conflict. They cannot estimate Germany's war strength. They do not know how grave are the chances of defeat; how awful would be the consequences.

Allied victory now depends upon America. Peace, without disaster, may be long in coming unless this country throws into the war scales every ounce of its resources QUICKLY.

Money comes first, to equip, feed, munition and transport our military forces. Now, IMMEDIATELY, the Government must have billions loaned to it by its citizens. Delay may cost thousands of lives at the front and millions of property.

No citizen can escape the obligation to subscribe to the Liberty Loan. No citizen who can afford to subscribe will jeopardize this country by delay.

See your banker or any banker to-day, and take all the \$50, \$100, \$500 or \$1,000 bonds you can afford. You won't be spending your money; you will be lending it, on the best security in the world at 4 per cent.

ASHFORD-HAPPER.

One would never associate the beautiful weather of the past week and a "fall wedding." Be that as it may. This first "fall wedding" was all that nature, domestic art and natural grace could make it, when Miss Annie, daughter of Mrs. Lucy Byrd Ashford, and Mr. Carl Thomas Happer were united in marriage at the Presbyterian church of Courtland.

The church decoration was unique. At the altar a pergola had been erected and over it a wealth of southern smilax and white chrysanthemums ran riot. At the first notes of the grand old wedding march, played by Miss Annie Campbell, the nuptial party entered the church. Down the side aisles the ushers, Fred Ashford and L. Lane, advanced, followed by Mrs. Etiole Caldwell and Miss Nannie Tate Ashford. Then came the maid of honor, Miss Mattie Ashford, who preceded the bride, who came in on the arm of her brother, T. B. Ashford, while down the opposite aisle came the groom with his brother, the best man, Lieut. Richard Happer. The wedding tableau was formed under the pergola, where Dr. Lewis pronounced them man and wife. The colors used by the ladies of the nuptial party were purple and field mouse.

Mrs. Etiole Caldwell and Miss Nannie Tate Ashford wore violet velvet gowns, Miss Mattie Ashford wore a creation of violet georgette combined with satin, each carrying an arm bouquet of carnations, and each elegant costume was topped by hats that characterized the whole toilet. The bride was very attractive in a field mouse suit with self-colored accessories, and carried an arm shower of valley lilies and roses. Mr. and Mrs. Happer left for an eastern trip. On their return they will be at home with Mrs. M. L. Hardage on Jackson street. An elegant array of presents attested the popularity of the pair.

SILVER TEA.

MRS. A. G. PATTERSON, HOSTESS
 Wednesday afternoon Mrs. A. G. Patterson entertained the Missionary Society of the Central M. E. church with a silver tea. The program feature was Miss Ethel Hays, the returned missionary from China, who appeared in Chinese costume. Her address was thoroughly enjoyed. Late, light refreshments were served. A pretty decoration was carried in the beautiful cosmos.

HOWE-SUDDUTH.

A wedding of more than usual interest in Falkville, as well as throughout the state, was that of Miss Lannie Rowe, daughter of Mr. and Mrs. J. P. Rowe, and Mr. Henry La Vaughan Sudduth, of Memphis, that took place yesterday afternoon at the home of the bride's parents in Falkville. Only the immediate families and friends were present.

The wedding march was played by Ennis Waldrop, and "Perfect Day" was rendered softly during the ceremony, that was performed by Rev. Earnest Dunlap, of Birmingham.

The bride was attractive in a traveling costume of brown broadcloth with accessories to match.

Immediately after the ceremony Mr. and Mrs. Sudduth left for a bridal trip to Chicago, Pittsburgh, New York and other northern cities.

Upon their return they will make their home in Birmingham.

Mrs. Sudduth is a very attractive and accomplished young woman, and her many friends learn with regret that she will make her home in another city. Mr. Sudduth is a prominent business man, well-known throughout the southern states.

Among the out-of-town guests were: Mr. and Mrs. Earl Sudduth, of Birmingham, and Mrs. Bowman Duncan, of Decatur.

NEEDLE CLUB

AT RED CROSS ROOMS.

The visit of the Ferry Street Needle club to Mrs. Seneca Burr at Trinity has been postponed, and instead, the club will meet at the Red Cross rooms and sew.

KNITTING CLUB.

The Albany All-Day Red Cross Knitting club met with Mrs. W. R. Hall on Wednesday at the residence of Mrs. S. M. Thompson for all day knitting. Six complete sweaters have been turned in as a result of these days' work. Six more sweaters will be completed by the last of the week. This is an excellent plan for completing garments. With the approach of winter and the great discomfort attendant, units should be formed in every neighborhood of twelve or fourteen congenial ladies, each bringing sandwiches, the hostess only serving coffee.

Mrs. F. M. Robertson left for Gurley, Ala., today to visit relatives.

PERSONALS

J. E. Penney of Birmingham, was in the cities yesterday.

J. H. Bullard, en route from Vicksburg to his home at Waxahachie, Fla., is visiting his son L. H. Bullard.

C. P. Anders, of Hartselle Route 1, was in the city today.

Just received from Balist a supply of Hyacinth, Narcissus and Chinese Lily bulbs. Prices are right. Owl Drug Co., Decatur. 18-21

"Van Dyke Kid," "Van Meter Kid" and "West Point Kid" in Centemeris' original black and white and blk-white combinations, at **\$3, \$3.50, \$4.00 and \$5.00** the pair

Why Are Kid Gloves High?

They are high from a real condition, and not from a fancied one. Americans skins are not usable for fine gloves. Kid skins with any degree of quality and fineness come from the mountains of Austria and Italy. The men of these countries are busily engaged in killing each other, and not in raising goats. The few skins that are brought into the markets by the women of these countries, are subject to heavy war levy on the other side. In addition to this, is the heavy ocean freight rates from Bordeaux, France, to the United States; and in addition to that is the insurance which the importer must pay against sinking by submarine.

AMUSEMENTS

SIX ALACORNS FEATURE BIG MASONIC BILL.

The six Alacorns feature the bill being offered this week at the Masonic theatre by the Maddocks-Park Musical Comedy Company and are nightly responding to as many encores as they care to. This is the classiest attraction shown at the Masonic in recent months at popular prices, being in reality a Keith vaudeville specialty and regular "big time" stuff. In quartette and solo singing, solo banjo playing, Spanish dancing and the various repertoire modifications of a versatile troubadour sextette, the Alacorns are exceptionally clever. There are six of them by actual count—three women, two men and a silver-voiced boy.

While the Alacorns could very easily give a complete program by themselves, they are not called on to do so; for they are assisted by Sam Park, well-known to local theatre-goers, and a whole raft of other folk, the entire company consisting of 25 entertainers. Among these are wooden shoe dancers, comedians, soubrettes and a bunch of pretty chorus girls.

Manager Cagle, in offering the local public a high class tabloid production at "ten-twenty-thirty" seems to have made a ten-strike, as is evidenced both by the appreciation and the patronage.

"I'll Show You How Corns Peel Off!"

and tape, trying to fix a corn so it wouldn't hurt. But now no one in the world "should worry" because the moment you put "Gets-It" on, it means the end of a corn. There is nothing in the world like "Gets-It"—nothing as sure and certain—nothing that you can count on to take off a corn or callus every time, and without danger. The corn never grows that "Gets-It" will not get. It never irritates the flesh, never makes your toes sore. Just two drops of "Gets-It" and presto! the corn-pain vanishes. Shortly you can peel the corn right off with your finger and there you are—corn-free and happy with the toes as smooth and corn-free as your palm. Never happened before, did it? Guess not.

Get a bottle of "Gets-It" today from any drug store, you need pay no more than 25c, or sent on receipt of price by El. Lawrence & Co., Chicago, Ill.

SEND US TOBACCO BUT LITTLE ELSE IS ADVICE GIVEN BY SOLDIER BOY

ROY BILLINGS WRITES INTERESTINGLY OF THE NEEDS OF THE SAMMY ABROAD IN A LETTER TO HIS SISTER, MRS. PATTERSON.

TELLS OF THRILLING SCENES

IS MASTERING FRENCH SLOWLY AND FINDS THAT THE AMERICAN LANGUAGE IS BEING LEARNED VERY RAPIDLY BY THE FRENCH PEOPLE.

Send the soldier boys plenty of tobacco and cigarettes and don't crowd the mail with other articles, is the advice given by Roy Billings, popular local boy now in France, to his sister, Mrs. Robert Patterson, of Springfield, Tenn. Extracts from the letter follow:

Dear Sister:

You are awfully sweet to think of sending me something that will help me along, but I would rather you would be more considerate of those that are closer home, and have you do something for some of our people that are liable to be harder hit than we are. A lot of modern writers that have enjoyed wonderful trips at the expense of the different magazines, to see how this war is going along have crowded the minds of our people with the stories of the various hardships of the soldiers and have caused the folks at home to think that they must crowd the mail with all the little things we had at home, when we are being as well cared for as we deserve. There are a lot of sides to every discussion, and they are very obvious in this case. Why take up the valuable space in the ships and why not help those at home that the spirit of the country may be held up to endure the things that are coming along in the next few years. There is enough poverty in any country to take up the time of everyone that is fortunate enough to be able to make a living and to enjoy it.

It is dear of you to think of me, and I only wish you would do something for anyone that comes your way, one that deserves it in my name, or rather according to my wishes, and it would be as greatly appreciated. In fact, we are able to have most anything we care for, and are able to buy it much cheaper than you people do at home.

Tobacco Is Wanted.

About the only thing you might send me would be some Lord Salisbury cigarettes and an old-fashioned corn cob pipe with a cane stem and a little Prince Albert tobacco. We are only able to buy a little American tobacco, though I have been very well taken care of in that respect.

The French people are very bright as a rule, but, my, this language! We have been here a long time and I am only able to make myself understood and till yet have not been able to conduct a conversation. It is very amusing. These people are as anxious to learn our language as we are to learn theirs, and they insist on using broken English rather than French, and I must admit they are more apt at the game than we.

We received a wonderful welcome over here and shouldn't say a word about it. Talk about crowds! There were more people in front of that morning when we marched by than I have ever seen on a circus day at home.

Stirring Times.

Some day we will slip away and take a trip over some of the country I have traveled and I will show you the place where I dipped the dear old flag to — and his mother. Sir John French and the whole outfit were there and I got a good look at them all. I wish you could have heard that music. We had the — of only sixty pieces, and to swing along and march to that dear old "Stars and Stripes Forever" made us all feel mighty proud that we were Americans. It must have been the first time those — people have yelled since the war started, and they surely caught up on their enthusiasm that day. We marched for about three hours and covered eight miles, and the streets were literally thronged with people the whole way.

It was a sight I will never forget in my life, and can truly say that was one of the big sensations of my life.

I was most impressed with the little things that were very appropriate to the occasion, or rather helped it along—the soldiers along the way, the wounded and those on their way to the front, the widows, the mothers and sisters and the old men and children.

They all told us to smile and not to look so serious about it, but we were supposed to keep our eyes to the front and wipe off the smile. If we had been given the rout step, it was an even shake whether some of us would have yelled or walked on in silence. I give you my word, I saw things that day that would make a good man cry. We were given a delightful lunch in — to the left of the — and after a short rest we marched over to the famous —, where the men were given quite a rest before marching to the train.

There is but little to say about conditions at present. We are all happy, being well taken care of, plenty of comfortable clothing, wholesome food and I am very much farther removed from danger than I ever was away from home before this trip. It won't be very hard for you to figure that out. We are all pretty busy and won't get very tired of this war game for a few years at the outside.

Always,

ROY.

DOCTORS SAVE GIRL WITH VIN HEPATICA

Strange Case of Three Year Old Goodlettsville Girl That Had Baffled Skill of the Best Physicians

"While the physicians did everything in their power to save our little girl," said Mr. S. J. Watkins, of Goodlettsville, Tenn., "they could do her no good as she was so weak and finally said she could not get well."

"As a last resort one physician advised me to give her Vin Hepatica. I did and she took five bottles. She is now entirely well, sleeps well and is growing in strength every day. No one knows how grateful we feel to this physician for suggesting the use of Vin Hepatica. It is simply wonderful what it has done for her. It saved her life."

Physicians are prescribing Vin Hepatica for the reason that it is a real medicine and not a patent nostrum. They know what it is. They know it is composed of eight of the finest herbal remedies known to the medical profession.

We strongly recommend Vin Hepatica. Come in, get a bottle and try it. It will do you good.

TENANTS:

—are you going another year—putting up with poor out-of-date lighting—now that you can have Electric Light—just for the asking?

Think how many times you have wished for convenient Electric Light—an Electric Iron—an Electric Fan. Think how often since last October—you have wished you had insisted upon Electricity.

Your Agent or Landlord knows that no home is modern or complete without electric wiring. He knows that the tenants demand Electricity. He would rather "wire up" for you than to have the trouble and expense and uncertainty of renting to a new tenant. A new tenant would certainly insist upon Electric Light.

Electric Lighting is now so cheap that every home can afford it. Economical Mazda Lamps have cut the cost in two. There is no longer any reason why you should not enjoy Electric Lighting—and the many conveniences that go with it.

Why not settle the question NOW—Today? Tell your Agent you will sign up NOW if he will wire the house for Electric Light. Tell him that we guarantee to meet the demands of the insurance companies.

A dollar or two a month—out of the rent—will wire your home complete. He will never miss the money.

Decide now—"INSIST UPON IT." We will make YOU a present of your first month's Electricity—Absolutely FREE.

TO ALBANY

All Roads Lead To Albany!

The Romans, the world's first Boosters and city builders were accustomed to say: "All Roads Lead to Rome." They meant that not only the splendid Appian Way and the other magnificent boulevards of ancient times led the traveler to the Eternal City, but also the Roads to Profit, Pleasure, Religion, Education.

The splendid pikes and humble dirt roads alike lead to Albany, but so do the roads to Better Business, Splendid Amusements, Fine Churches, Good Schools. Albany is North Alabama's natural market place, the capitol of North Alabama! Sooner or later North Alabamians are coming to see the fastest growing city in their section.
